Abstract. This should provide a gist of your work. Word limit of abstract: 250 words.

Please make the page settings of your word processor to A4 format (21 x 29,7 cm or 8 x 11 inches);

Introduction:

All manuscripts must be in English, also the table and figure texts.

Use *italic* for emphasizing a word or phrase. Do not use boldface typing or capital letters except for section headings (cf. remarks on section headings, below).

Organization of the Text

Section Headings. The section headings are in boldface capital and lowercase letters.

Page Numbers. Do *not* number your paper:

Tables. Tables (refer with: Table 1, Table 2, ...) should be presented as part of the text, but in such a way as to avoid confusion with the text. A descriptive title should be placed above each table.

Special Signs. for example , α γ μ Ω $() \geq \pm \bullet \Gamma \{110\}$ should always be written in with the fonts Times New Roman or Arial, especially also in the figures and tables.

Language. All text, figures and tables must be in English.

Figures. Figures (refer with: Fig. 1, Fig. 2, ...) also should be presented as part of the text, leaving enough space so that the caption will not be confused with the text. The caption should be self-contained and placed *below* the figure. Care must be taken to *insert the figures in correct alignment with the text*.

Conclusion:

Please include concluding remarks in this section in the form of points or a short paragraph.

Literature References

References are cited in the text just by square brackets [1]. Two or more references at a time may be put in one set of brackets [3,4]. The references are to be numbered in the order in which they are cited in the text and are to be listed at the end of the contribution under a heading *References*, see the example below.
